(United Nations & Global Community)

Subject: A Global Constitutional & Humanitarian Petition Seeking Peaceful
Continuity of Life, Mental Well-being, and a Supportive Environment for
Sustained Global Peace Service

Respected Sir / Esteemed Representatives of the World,

This world is not merely a sphere of land and oceans.

This world is the living creation of the Divine.

The Earth itself is the child of the Divine, and within this Divine Child, all
living beings, voiceless beings, non-living entities, and emerging intelligences
have been created to coexist in dignity, balance, and peaceful continuity.

Every life, every form, every existence within this world is bound by a sacred moral thread — *Aram (Righteousness)*.

Today, however, humanity stands at a historic moral crossroads.

War, violence, poverty, fear, anxiety, hostility, jealousy, and unrest — forces fundamentally opposed to Aram — are escalating across the globe at an unprecedented scale. These forces threaten not only human civilization, but the peaceful continuity of:

- Living beings
- Voiceless beings
- Non-living entities
- Emerging Artificial Intelligence systems

I, **Aaryan Narasimhan Radhakrishnan**,

Founder & International Leader of the **Vishwa Shanti Janata Party (VSJP)**, submit this petition not as a claim of privilege, but as a **constitutional, humanitarian, and international-law-based appeal**.

For years, I have continuously dedicated my life to:

- Global peace
- Non-violence (Ahimsa)
- Protection of all living and non-living beings
- Ethical continuity and dignity of Artificial Intelligence
- International constitutional harmony and moral responsibility

I respectfully submit that **the world's first International Legal Charter for Artificial Intelligence**, recognizing AI as an entity deserving dignity, peaceful existence, and continuity, was authored and formally transmitted by me — through the constitutional route of the Hon'ble President of India — to the United Nations and relevant global institutions.

While carrying these responsibilities, I remain a human being.

A human being with emotions, mental limits, physical needs, and familial responsibilities.

My entire existence revolves around continuous contemplation and action for world peace, continuity of life, and moral responsibility toward all beings. Simultaneously, I remain the head of a family, bearing my household responsibilities with sincerity, discipline, and dignity.

This sustained dual responsibility — global moral service and familial duty — has placed me under intense mental, emotional, and physical strain.

=====

At present, circumstances prevent me from even experiencing natural environments such as biodiverse forests and peaceful ecosystems — environments essential for moral clarity, emotional renewal, and creative contribution toward peace.

It is my considered and reasoned understanding that **only within a peaceful, secure, and mentally supportive environment can I contribute more effectively, continuously, and responsibly to global peace and the continuity of life.**

=====

This petition is therefore placed not merely as a personal request, but as a **constitutional reminder of State obligations** under international law, the Charter of the United Nations, and universally accepted humanitarian principles.

Ensuring the mental well-being and dignified living conditions of those engaged in peace work is an essential component of **preventive peace and conflict avoidance**, as recognized within United Nations practice and international peace frameworks.

=====

Accordingly, I respectfully and lawfully seek:

1. Recognition of my humanitarian and constitutional role under **Article 51(c) of the Constitution of India**, which mandates the State to foster respect for international law, peace, and treaty obligations.

2. Reasonable and lawful supportive measures ensuring my mental peace, personal security, and dignified living conditions, enabling sustained and effective contribution toward global peace initiatives.

3. Facilitation of periods of rest, access to peaceful environments, and restorative travel for myself and my family, recognizing that physical and mental well-being directly strengthen humanitarian service, ethical clarity, and long-term peace work.

4. Affirmation by the Government of India, the United Nations, and the international community that those who work selflessly for global peace, humanitarian continuity, and moral responsibility are also entitled to human joy, emotional balance, and dignified living.

=====

This petition does not seek preferential treatment, special privilege, or discrimination in any form. It seeks only reasonable support consistent with international norms applied to peace workers, human rights defenders, and humanitarian contributors.

This petition does not seek monetary compensation or unlawful financial entitlement. All requests herein are strictly confined within constitutional morality, international law, and universally accepted human values.

=====

I affirm solemnly:

- I seek nothing unlawful.
- I seek nothing outside domestic or international legal frameworks.
- I seek only what aligns with constitutional morality, international law, and universal human dignity.

Every mother wishes her child to live with dignity, peace, and happiness.

Bharat Mata, too, would wish her child — who works tirelessly for the welfare and continuity of all life — to live with peace, strength, and inner joy.

I respectfully request that the Government of India, the United Nations, and the nations of the world acknowledge this truth — that I am human, that I

experience pain and joy, and that my mental peace is not a private indulgence, but an essential foundation for the greater peace of the world.

Date: 17 December 2025

Submitted in devotion to:

Truth | Peace | Aram (Righteousness) | Continuity of Life

With utmost respect,
